ERDC Compiles Data Across Education Sectors and Time

ERDC Capacity Improvements

- Data sharing and Memorandum of Understanding.
- Expansion of financial, social service, and other data in the P-20 environment (response to “critical questions” research).
- Implementation Study done and Statement of Work underway for warehouse project.
- Legislative mandate to provide performance dashboards and complete-to-competes measures (HB1795).
- P-20 reports for high schools and districts online at <http://erdcdata.wa.gov/>

Using ERDC Resources to Drive Decisions

- Data sets for research staff at agencies, boards, and external researchers.
- Research reports on critical topics, particularly across P-20 sectors.
- ERDC staff as “utility” staffing assigned to cross-sector issues.
- On-line outcome reports and dashboards to support boards, Legislative, and Executive decisions with transparent data.
